

Jon  
Thorner's  
OF SOMERSET

ESTABLISHED 1979

Jon Thorner's began with the simple idea of providing quality meat, sourced locally whenever possible.

Started by Jon in 1979 as an extension of the family farm and abattoir, Jon Thorner's retail outlets and products have grown to be a firm fixture in the south west. The quality of meat sourced has always been paramount to the business – we use producers who take a strong stance on animal welfare using ethical farming practises. Jon has developed an excellent reputation with suppliers and is well respected for his attitude towards sourcing meat with provenance.

Our Kitchen range of award winning handmade products has grown into a trusted and well established brand across Somerset and the south of England, and is a major player in the local food sector. The range includes pies, quiches, savouries, cakes and we also offer cooked meat, cheese, fresh meat and a substantial Christmas range.

The strength of our brand and professional packaging gives your customers the confidence in buying across the range.

*Jon Thorner*

# PIES

Jon Thorner's has been making pies for over a decade. Each pie is hand-filled and individually crimped, giving our pies an authentic handmade appearance and flavour. With countless awards from regional and national product tasting competitions, Jon Thorner's has become a staple on the pie scene.

Our indulgent quiches are created in our kitchen using our own-made short crust pastry and filled by hand. Available in a delicious selection of flavours and sizes, our quiches will exceed expectations.

Generously filled and hand crimped, our pasties and sausage rolls make for a premium convenience snack. Plus if you are looking for a helping hand in the kitchen look no further than our selection of ready meals.
